KnightCode | Whole-system flowchart

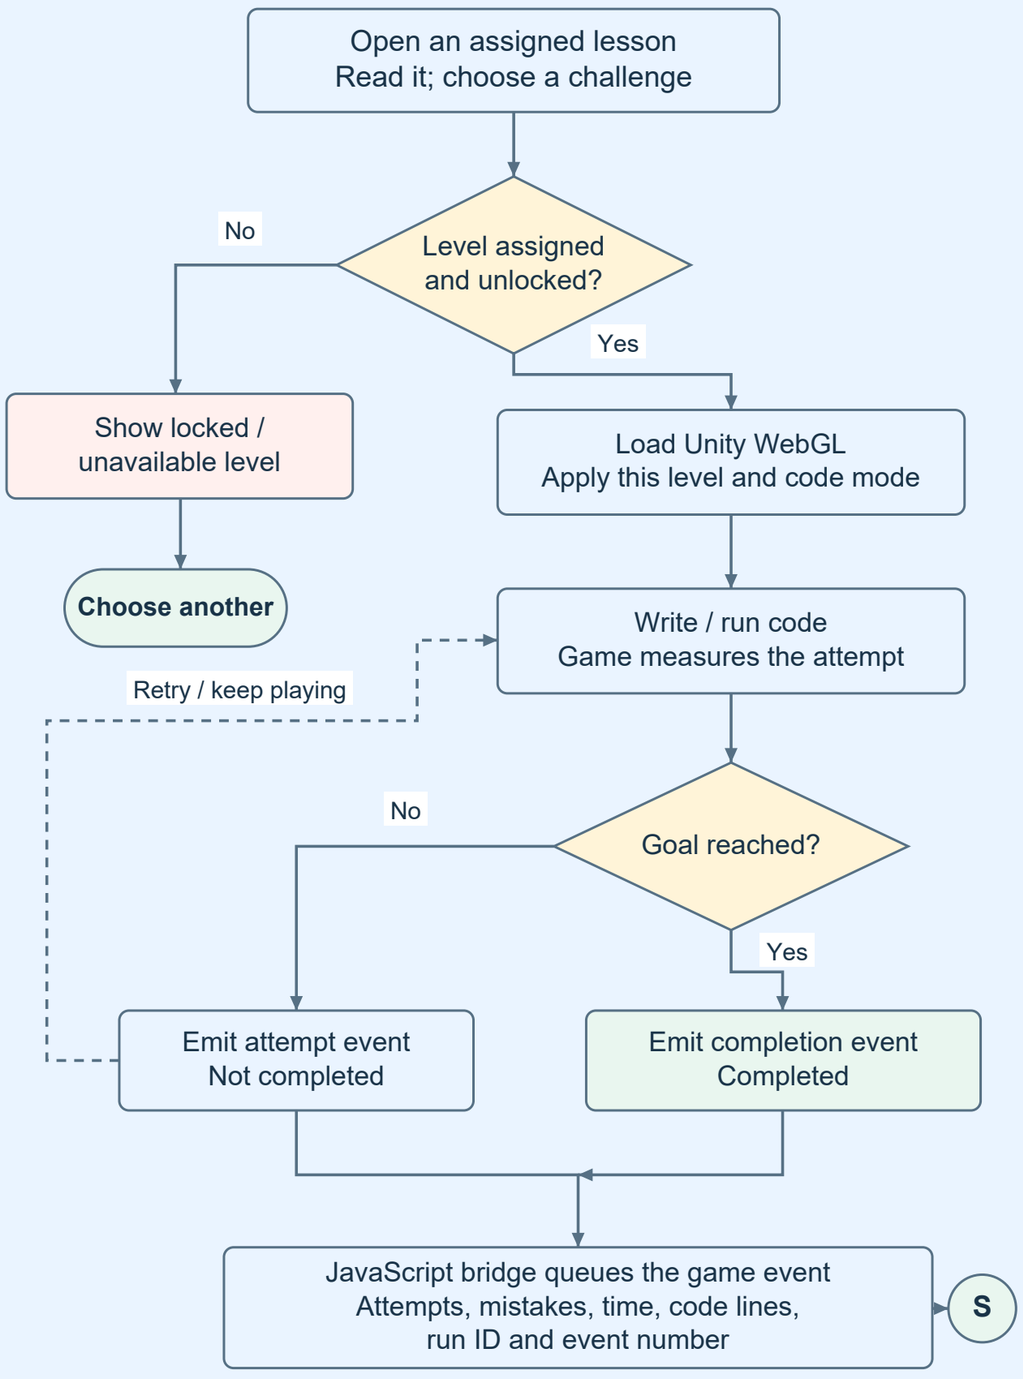

Follow the arrows from Start. In each role, choose one task; the lists are menus, not a required order.

KnightCode | Lesson, game and saved progress

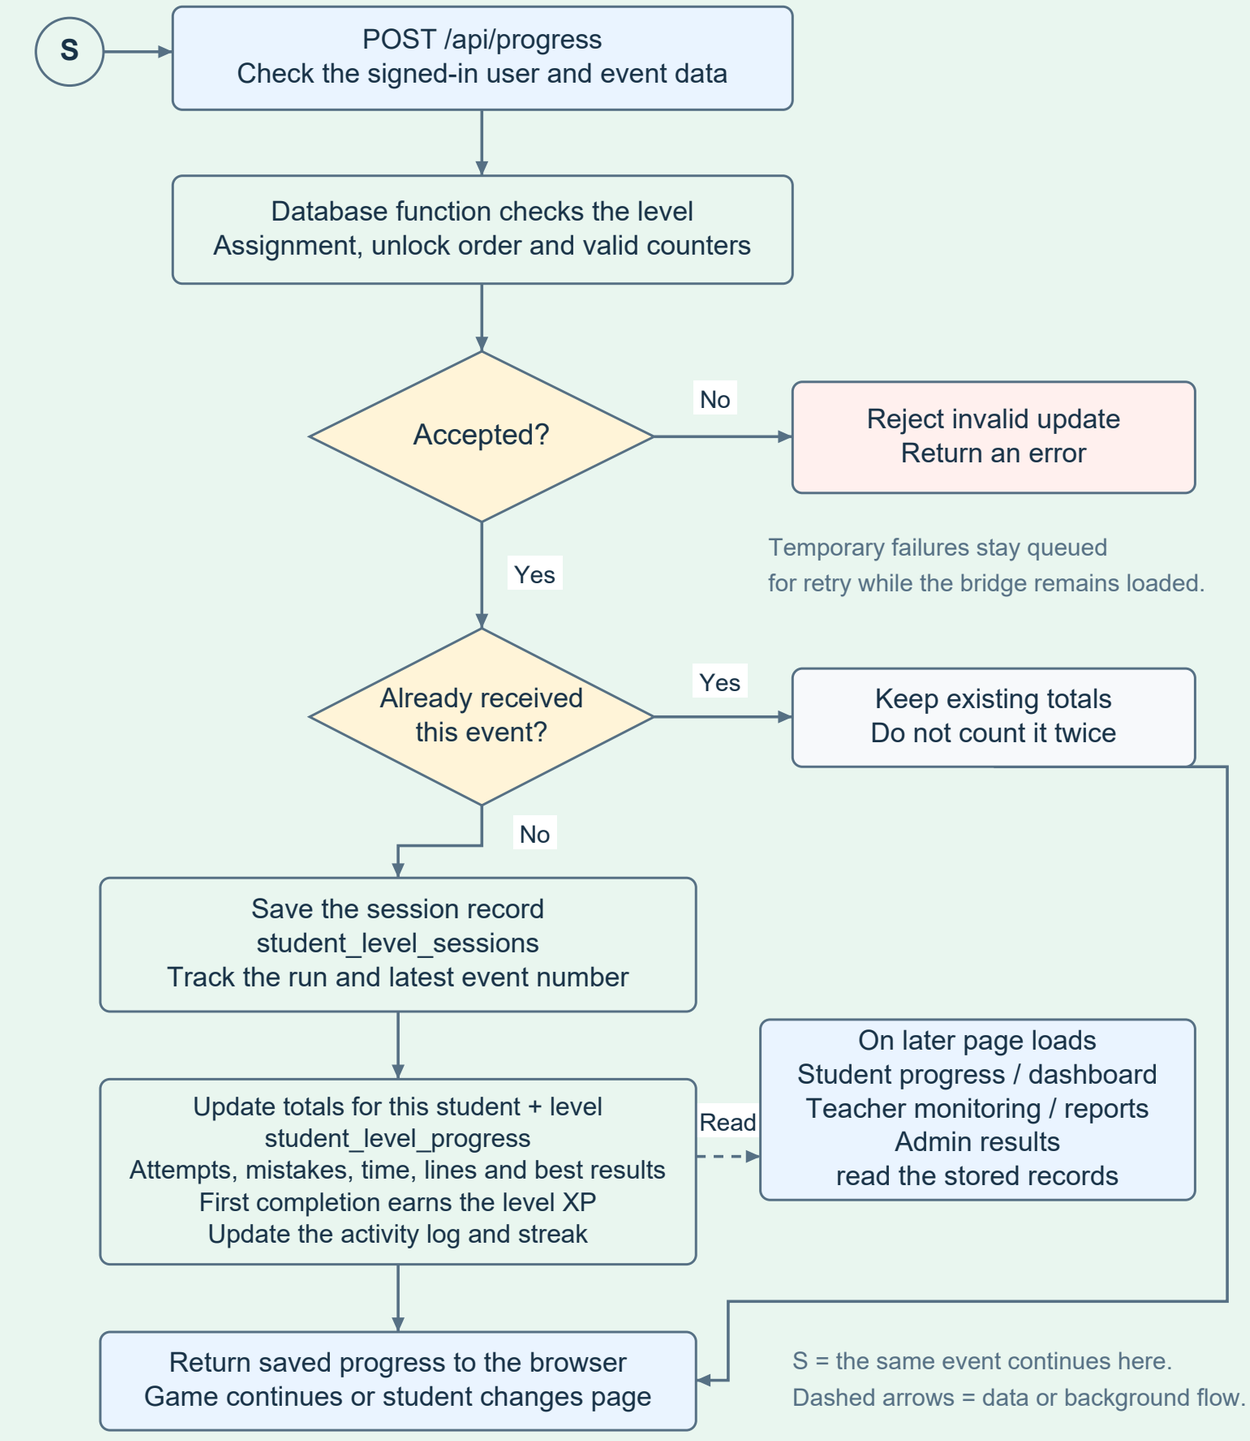

Detail [2] from the student menu. Game events are saved in the background; each accepted update is counted once.

STUDENT / UNITY GAME

Leaving the game page asks Unity to quit and release the game.

NEXT.JS SERVER / SUPABASE

S = the same event continues here.
Dashed arrows = data or background flow.
